Petition for: Peter, Santilli family

Invocation of
Habeas Corpus

An off-docket ex debito juspitia remedial action

Invocation of Habeas Corpus

Now comes a living man, Peter: Santilli family; an innocent private Nevada man; sui juris an abductee; Peter is “appearing” via public record rather than in his proper person due to his abduction; Peter does not consent to any contract or being in any trust with court state or ecclesiastic; considerations include:

- Violations and trespass on Peter’s unalienable right to private property, freedom of movement;
- Violations of Geneva Convention, Nuremburg precedents, Constitution for the United States of America, Holy Bible; kidnapping and unlawful imprisonment, freedom of the press, peacefully assemble has been committed upon Peter by his jailers and their associates;

“Inasmuch as every government is an artificial person, an abstraction, and a creature of the mind only, a government can interface only with other artificial persons. The imaginary, having neither actuality nor substance, is foreclosed from creating and attaining parity with the tangible. The legal manifestation of this is that no government, as well as any law, agency, aspect, court, etc. can concern itself with anything other than corporate,

artificial persons and the contracts between them.” Penhallow vs Doane’s Administrators 1795;

Failure to honor this habeas corpus releasing Peter within five (5) days of its tender is trespass; trespass requires remedy: one silver dollar per second for trespass duration; failure to release Peter is, by acquiescence, evidence of proof that Peter is injured by loss of rights and interference by corporate/government agents operating under color of law in violation of 18 USC sections 241, 242; 42 USC 1983; thus exceeding their jurisdiction;
